

Counsel Mediation, LLC

Dennis E. Callan, J.D.

Dennis E. Callan, J.D.

Dennis Callan founded Counsel Mediation, LLC in 2001 after nearly twenty-five years as the senior partner in a law firm focusing on real estate, construction, and business matters. His direct, realistic, and sensitive approach has proven highly successful for people seeking an alternative to the economic and personal stress of litigation.

As detailed in the [Resume](#) section, Dennis has excellent academic and legal credentials. And while it is good to have a mediator with a legal background, it is even more helpful when that same person has complimentary practical experience. Early in his career, Dennis gained skills on the job in the construction industry. That knowledge expanded over the years, and he has been a principal and an advisor in multiple complex real estate and construction transactions.

Dennis is well known for his solid credibility, incisive perspective, and practical approach to problem solving. In addition to his mediation services, his legal expertise and business background has led to many court appointments as a Special Master and as a Condemnation Chairman in various complicated and contentious lawsuits.

Contact Dennis when you are involved in a real estate, construction, or business conflict and require a very capable, reasonable, and absolutely dedicated mediator.
